

Social and Economic Opportunities in the Sacramento-San Joaquin Delta

November 17, 2016

Alejo Kraus-Polk

PLACE PEOPLE GEOGRAPHY

Regional Opportunity Index (ROI) and the Delta

The goal of the ROI is to help target resources and policies toward people and places with the greatest need, to foster thriving communities of opportunity for all Californians.

It does this by incorporating both a "**people**" component and a "**place**" component, integrating economic, infrastructure, environmental, and social indicators in to a comprehensive assessment of the factors driving opportunity.

Online mapping tool:

http://interact.regionalchange.ucdavis.edu/roi/webmap/webmap.html

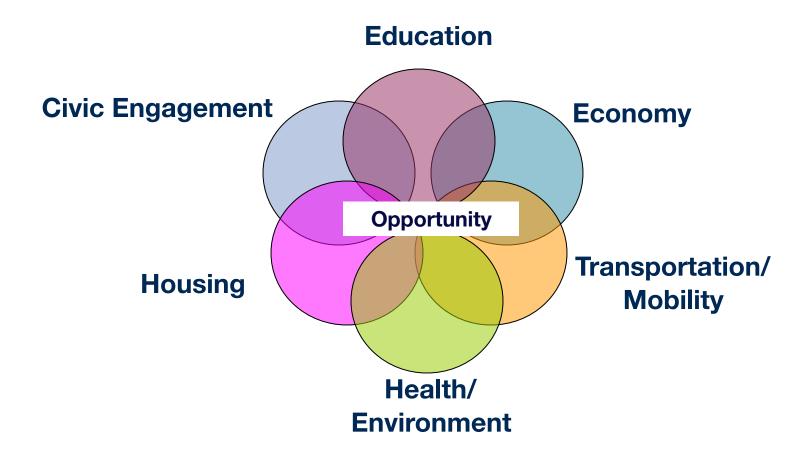

Opportunity

In places of high opportunity, residents have the *material* and *cultural* resources they need to live a healthy, meaningful, and successful life.

Comprehensive Vision of Regional Opportunity

ROI Indicators

People

Education

- % of adults with post-secondary education
- % 4th graders proficient in ELA
- % 4th graders proficient in math
- Elementary school truancy rate

Economy

- % of adult population employed
- % of households above 200% FPL

Housing

- % of households who own home
- % of households paying <30% of income on housing

Mobility/Transportation

- % who commute 30 min. or less
- % households with at least 1 vehicle for worker
- Households with broadband

Health/Environment

- % healthy weight babies
- % births to teens
- % deaths to <75 year olds

Social/Political Engagement

- % CVAP that voted in 2010
- % households not linguistically isolated

CENTER FOR REGIONAL CHANGE

Place

Education

- High school graduation rate
- High school grads college ready
- % elementary teachers with 5 years experience and more than BA degree
- High school suspension and expulsion rate

Economy

- Jobs within 5 mile radius per 1000 population
- % jobs that are in high-paying industries within 5 mile radius
- % job growth in last year within 5 mile radius
- Banks per 1000 population within 5 mile radius
- % change in number of employers within 5 mile radius, 2009-2011

Housing

- % homes with <= 1 occupant per room
- Ratio of median income to median home value

Health/Environment

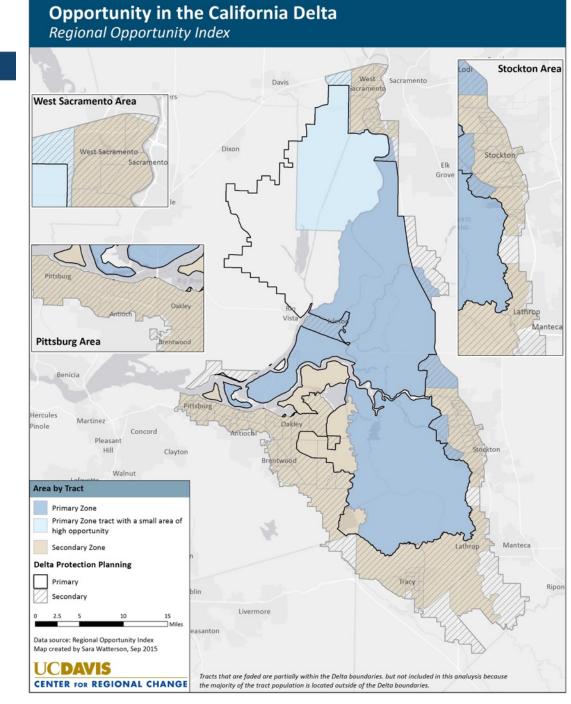

- % mothers receiving prenatal care in first trimester
- % with access to full-service grocery stores
- Healthcare provider locations (5 miles) per 1000 population
- PM2.5 score

Social/Political Engagement

- % who live in same residence as a year ago
- % U.S. citizens

Goals

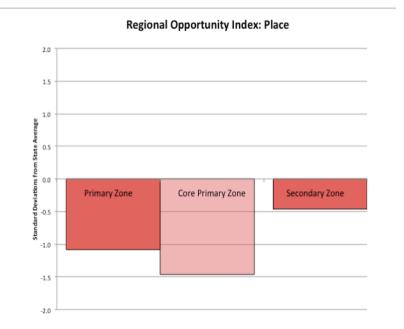

- Overall analysis of socioeconomic conditions in the Delta
- Identify and analyze conditions and localities in particular need of focus, including primary and secondary zone
- Identify opportunities for potential community-building support priorities

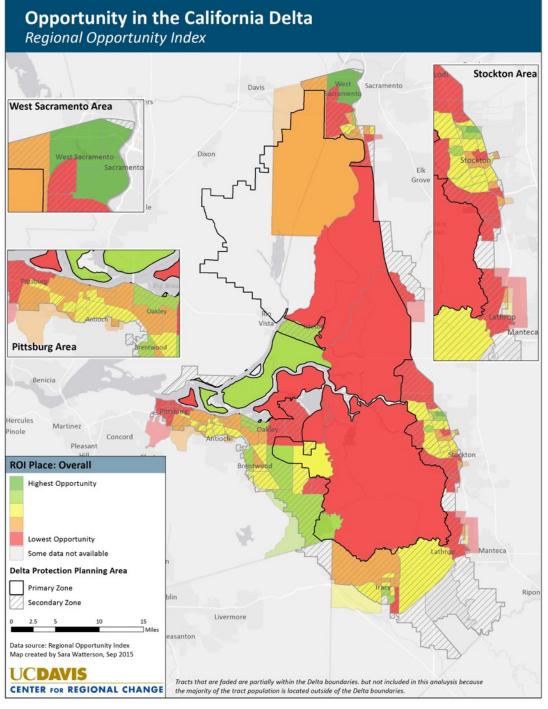

PLACE: Overall

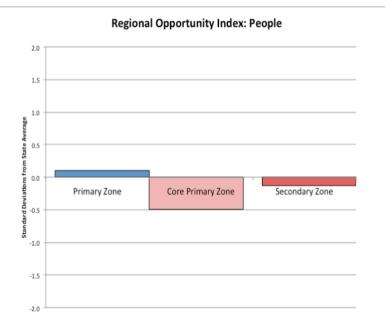

- Overall opportunity substantially below state average
- Core Primary Delta Zone has particularly low opportunity

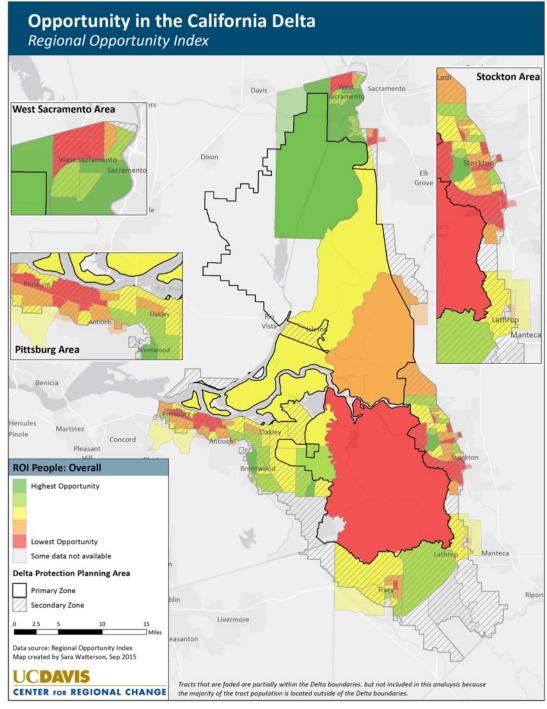

PEOPLE: Overall

- People living in core
 Primary Zone are
 doing significantly
 worse than average
- People in Secondary
 Zone doing somewhat
 lower than average

What's Driving Low PLACE Opportunity?

Education:

 HS Graduate Rates OK, but very low teacher experience and discipline

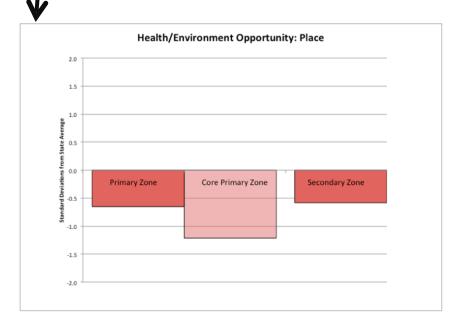

Economy:

 Most indicators low, but particularly low job quality and business growth

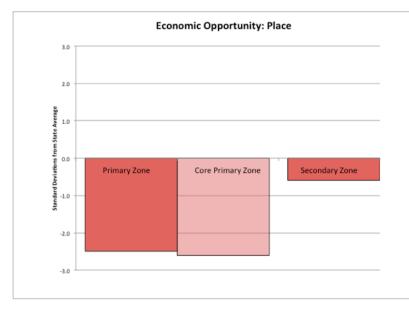

Health:

 Low health care availability and prenatal care

 Housing above average and Civic life about average

What's Driving Low PEOPLE Opportunity?--1

Education:

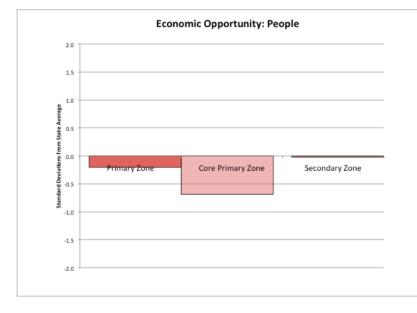

- All indicators except truancy below average
- Economy:
 - Employment levels below average; Wages about average \ in Secondary Zone, but below in Primary

Housing:

Above average

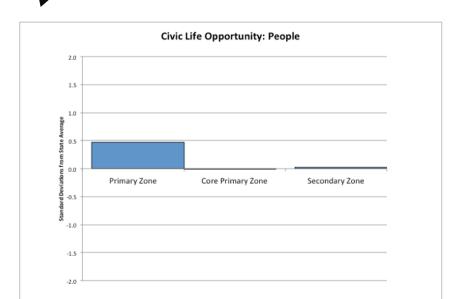

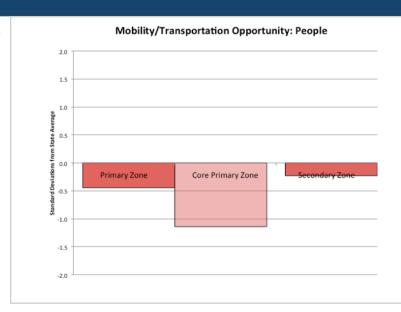

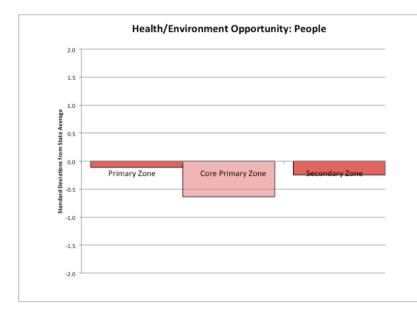

What's Driving Low PEOPLE Opportunity?--2

- Mobility/Transportation:
 - Low broadband internet access and high commute times
- Health:
 - High levels of low-birth weight babies and premature death
 - Civic:
 - Above average voting rate in Primary Zone, despite low English-speaking population

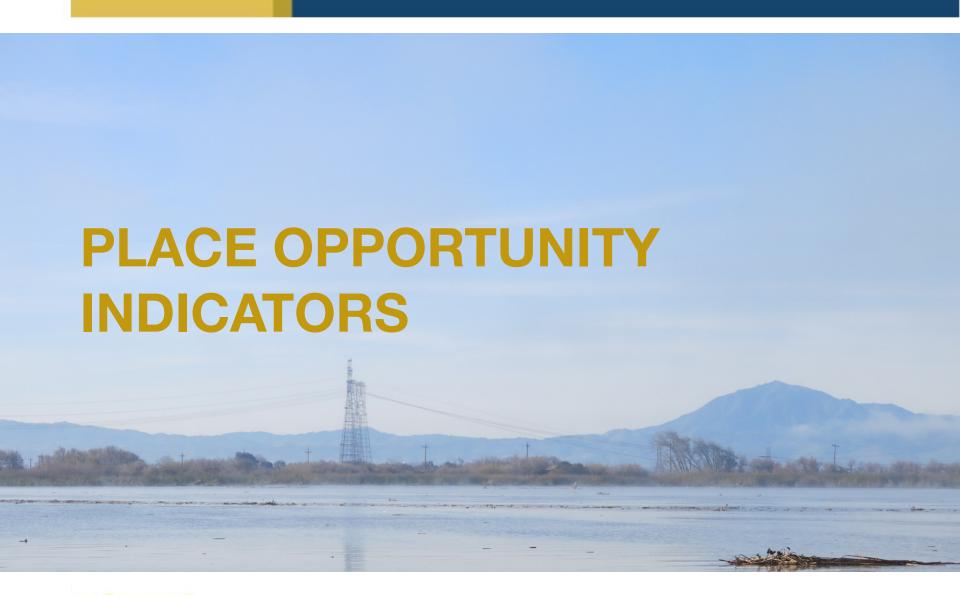

Conclusions and Recommended Priorities

- Region characterized by:
 - Substantial education, economic and health challenges
 - Strong civic life and solid housing conditions
- Development priorities:
 - Improve school quality
 - Teacher skills
 - College readiness
 - Disciplinary practices (i.e. truancy)
 - Economic Development
 - Improve job quality in existing jobs
 - Diversify to higher-wage industries
 - Expand broadband internet access
 - Improving health services

DELTA ECONOMIC INDICATORS

UC Davis professors in human ecology, and CRC affiliates are working on a set of economic indicators for the Delta.

These indicators will be similar to those that have been developed for the Great Valley Center and their indicators report series:

http://www.greatvalley.org/work/indicators
